Disclaimer;
The information contained herein is to the best of our knowledge true and accurate and is given in good faith but without warranty. It is our recommendation that a trial area is first coated to ensure the product is satisfactory to individual requirements

Technical Spec

Composition

Based on Orange Shellac and Methylated Spirits.

Properties

VOC Content: 663 g/litre.

Performance

Interior or exterior use. Two coats will seal most knots.

Surface Preparation

Remove any excess resin from knots by scraping, and then clean with Methylated Spirits prior to application.

Application Method

Ensure product is thoroughly shaken prior to use.
Using a soft brush apply at least two coats at least 12mm beyond knots and resinous areas.

Recommended Spreading Rate

Not applicable

Thinning

Do not thin

Drying Time

Touch dry in 15-30 mins
Recoatable after 1 hour under normal conditions (20°C 50% r/h).

Cleaning

Clean application equipment or spills with Methylated Spirit.

Limitations

Knots that exude excessive amounts of resin should be cut out and made good with sound timber or wood filler.
If over-coating with varnish or wood stain use Blackfriar White French Polish. (a colourless form of knotting.)
