

Technical Data Sheet

Blackfriar Anti-Mould Solution

Blackfriar Anti-Mould Solution kills mould and inhibits re-growth. Use it inside and out to eliminate unsightly mould prior to decorating on many surfaces including tiles, plaster, wallpaper, paving slabs and slate.

Performance characteristics –

- Powerful mould killing solution.
- Use on tiles, plaster, wallpaper, paving slabs, marble and more.
- Odourless.
- Interior and exterior use.

Application - For interior use, dilute Blackfriar Anti-Mould Solution with equal parts water and apply 1 coat by brush or spray. Apply 2 coats if mould growth is severe. For exterior use, apply 1 coat undiluted by brush or spray. Remove any dry residue by high pressure hosing or brushing. Some moulds discolour the substrate. Blackfriar Anti-Mould Solution does not remove the stain.

Limitations - Do not use under cold (less than 5°C), damp or humid conditions.

Coverage - Up to 7.5m² per coat dependant on surface porosity. For external surfaces: Apply 1 litre of product per 15m² of surface. For internal surfaces: Dilution is required: dilute one part product with one part water, then apply at rate of 1 litre of diluted product per 15m² of surface.

Drying Time - 2-4 hours. Allow to dry thoroughly between coats and before painting. Drying times are based on an ambient temperature of 20°C and 50% relative humidity. Lower temperatures or higher humidity will prolong the drying and overcoating times.

Clean Up - Remove as much product as possible from application equipment before washing with water. Do not empty into drains or water courses. Some local authorities have special facilities for the disposal of waste coatings.

Storage - Store in a dry, safe place. Do not store in environments where extreme temperatures may occur. Keep within 5-30°C. Do not store in direct sunlight.

Statutory conditions relating to use: For amateur use. For the treatment of mould and algae on internal & external surfaces such as masonry and tiles. For use only as a surface biocide. Irritating to eyes and skin.

Precautions: Wear suitable protective clothing (coveralls), synthetic rubber/pvc gloves and eye protection when using. Do not breathe spray mist. Otherwise wear respiratory protective equipment and eye protection (See HSE Guidance Booklet HS (G) 53 'Respiratory Protective Equipment - A Practical Guide to Users'). KEEP AWAY FROM TREATED SURFACE UNTIL DRY. WHEN USING DO NOT EAT, DRINK OR SMOKE. DO NOT CONTAMINATE FOODSTUFFS, EATING UTENSILS OR FOOD CONTACT SURFACES. COVER WATER TANKS BEFORE APPLICATION. THIS MATERIAL AND IT'S CONTAINER MUST BE DISPOSED OF IN A SAFE WAY. PREVENT ANY SURFACE RUN-OFF FROM ENTERING DRAINS. DANGEROUS TO FISH AND OTHER AQUATIC LIFE. DO NOT CONTAMINATE WATERCOURSES. REMOVE OR COVER FISH TANKS AND BOWLS BEFORE APPLICATION. AVOID ALL CONTACT WITH PLANT LIFE. WASH SPLASHES FROM SKIN AND EYES IMMEDIATELY. WASH HANDS AND EXPOSED SKIN BEFORE MEALS AND AFTER USE. KEEP IN ORIGINAL CONTAINER, TIGHTLY CLOSED AND IN A SAFE PLACE. KEEP AWAY FROM FOOD, DRINK AND

ANIMAL FEEDING STUFFS. KEEP OUT OF REACH OF CHILDREN. IF SWALLOWED, SEEK MEDICAL ADVICE IMMEDIATELY AND SHOW THIS CONTAINER OR LABEL. IRRITATING TO EYES AND SKIN. Contains: Benzalkonium Chloride 2.0% W/W (19.4/l) 2-Phenylphenol 0.5% W/W (4.9/l). This product is approved under The Control of Pesticides Regulations for use as directed HSE No: 6676GB & 6676NI.

Warning

Contains: Quaternary ammonium compounds, benzyl-C8-18-alkyldimethyl, chlorides.

Causes serious eye irritation. Causes skin irritation.

Keep out of reach of children. Read label before use.

If medical advice is needed, have product container or label at hand.

Wear protective gloves and eye protection: nitrile rubber gloves and Safety glasses with side shields.

IF ON SKIN: Wash with plenty of soap and water.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical attention.

Dispose of contents and container in accordance with all local, regional, national and international regulations.

Whilst every effort is made to ensure the accuracy of colour, due to limitations of the print process, colour / finish shown is for guidance only.
